PEOPLE SURVEY

Your psychosocial risk. **Measured.**

A fully deployed, anonymous WHS psychosocial survey. Built for small and medium business. Available now at birthday pricing.

Under the WHS Act and the 2024 Code of Practice, every employer has a legal obligation to identify and manage psychosocial hazards in their workplace.

Most small and medium businesses don't have a clear picture of where they stand. Humn IQ™ People Survey changes that.

WHAT'S INCLUDED IN HUMN IQ™ PEOPLE SURVEY

- Full staff survey, deployed and ready to share with your team
- Covers all 17 psychosocial hazards under the Comcare framework and 2024 Code of Practice
- Completely anonymous - no names, no individual data captured
- Mobile-friendly - works on any device, no login required
- CEO dashboard with spider web risk chart and department breakdown
- Compliance flags for positive duty hazards including bullying and sexual harassment
- One PDF results report, ready to present to leadership or file for audit
